This makes you a collaborator in the atheistic hoax being perpetrated on the American people by the American Journal of Physics because you are doing nothing to put an end to it. I gave you a link on Academia.edu, not a pdf file, to the article that explains the analogy between American physicists and Nazis. The article is also at <http://www.pseudoscience123.com/good-evil/cope.html>

Very truly yours, David Roemer

Dear Mark,

There are two links to the article making an analogy between physicists in the US who are helping the American Journal of Physics cover up the mistake it made in publishing an absurd article about biological evolution and German citizens who kept quiet about the killings:
