Looking at the Cushwa Center's home page, you should be interested in the canonical complaint I filed against

Cardinal Dolan. The letter I posted on your facebook page is part of my correspondence with the Roman Rota which is at <http://www.dkroemer.com>. The website it down now but it should be working soon.

Sorry, but I'm not an expert on any of these topics and don't have time to read your essays. Please get a copy of my former student's book, Seungoh Paul Chung, God at the Crossroads of Worldviews from Notre Dame Press, 2016, for the most intelligent and up to date evaluation of the five ways. Or contact Seungoh himself. I copied this email to him so you would have an accurate email address for him.

Notes Dear David,

I am not sure why I received this. It is very interesting, and I long ago earned my "A" in my metaphysics course, but metaphysics languishes in a distant past for me. I'm with Pascal's Wager, both by temperament and because I wish everyone else would act accordingly.

Best wishes,

Gene
