emailed on 9/16/15:

A member of the Committee on Publication Ethics is perpetrating a fraud upon the American people by disseminating pseudoscience with the goal of promoting atheism in the following peer-reviewed article ("Entropy and evolution"):

<http://scitation.aip.org/content/aapt/journal/ajp/76/11/10.1119/1.2973046>

I submitted a manuscript ("Thermodynamics, Evolution, and Good and Evil") that explains why the article should be retracted to these members of COPE:

Amir Hussain (JAAREL-2015-082)

Marcia McNutt (ScienceAdvances-D-15-01269)

Willem Drees (ZYGON-A-2015-09-0106)

All of my correspondence with the American Journal of Physics, my congressman (Yvette Clarke, D-NY, 9th district), and many others supports this allegation. All of this correspondence can be found at <http://www.pseudoscience123.com>.

My previous correspondence with the COPE, the AIP, and the publisher of the AJP is at:

Dear Mr. Malone,

I think you should be interested in the attached article titled, "An Analogy between Nazi Germany and the United States" because it is about an article published in the American Journal of Physics titled "Entropy and evolution." The article has already be rejected by Science and Theology and Perspectives on History. I recently submitted it to the Historian. My account of all my correspondence about the AJP article and my article is at <http://www.pseudoscience123.com>.

I've attached the article and the email exchange I had with Science and Theology. The Historian has a 6 month waiting period, so if you are interested I can withdraw the article from The Historian and submit it to you.

Dear Mr Roemer,
Thank you for your email to COPE. I note you have previously correspondence with Natalie Ridgeway in relation to your concerns. As Natalie indicated COPE can only consider complaints against journal or publishers that are COPE members. I have examined our member database and I cannot see the American Journal of Physics listed as a COPE member. If you have queries regarding the membership status of this journal or its publishers, please do let me know.
With best wishes,Iratxe Puebla
