5/3/16 God a response and sent email I sent to James F

Dear Fr. Thomas,

I'm really interested in giving the lesson on God's existence to Catholic theologians. Since you are involved in teaching children you should understand the arguments for God's existence. You should not have the same mistaken ideas as Fr. Robert Spitzer, S.J. (quote #6), and Dr. Stephen Barr (quote #7). I'd like to know what you think of the email I sent to

James H. Fetzer <jfetzer@d.umn.edu> with a carbon copy to Rev. Mgr. Peter I. Vaccari

<pvaccari@dunwoodie.edu>, who is considering letting me give a presentation to St. Joseph's Seminary. The

slideshow is just a powerpoint version of the attached word document which contains all the quotes.

Very truly yours,

David Roemer
