Chair of complaints committee of IEEE publications group.  
emailed letter with cc to Dario Petrie on 7/17/14  
I am not sure why you are contacting me. I have no influence in this matter. Appealing to the conference general chair and if not satisfied, the section or sponsoring IEEE Society VP for publications would be the immediate action. This is a quick suggestion, as I am on travel with limited internet access.  
Sincerely, Larry Hall
