Dear Dr. Barney,  
Upon information and belief, the Catholic Church wants me to instruct Catholics in the United States about the arguments for God's existence. My correspondence with the Catholic Church is here: <http://www.newevangelist.me>I submitted this paper to the Review of Metaphysics and got the response that follows:  
[https://www.academia.edu/23340072/WHY\\_PEOPLE\\_BELIEVE\\_GOD\\_CAUSED\\_THE\\_BIG\\_BANG](https://www.academia.edu/23340072/WHY_PEOPLE_BELIEVE_GOD_CAUSED_THE_BIG_BANG)The attached document is about the Shroud of Turin and evolutionary biology. Very truly yours, David Roemer  
<http://www.newevangelization.info>

Dear Dr. Roemer,

Thank you for the opportunity to read your essay, "Why People Believe God Caused the Big Bang." It is well crafted and I am sure would command an appreciative audience. Unfortunately, given its present commitments, the Review is not in a position to accept it.

Sincerely yours,  
John C. McCarthy, Editor
